From the Assistant Commissioner for Distilleries,letter,C.R.No.2887/42, dated 17-8-42.
From the Surgeon-General with the Government of Madras,R.No.545-A/H,dated 5-10-42.

Reference:-

The Board invites the attention of the Government to G.O.No.MS 2797-Rev ,dated 8-12-41 sanctioning the manufacture during the 1942 cashew season of 2000 proof gallons of cashew arrack including about 375 gallons of 35° U.P. cashew arrack required for hospital supply. The total quantity of cashew arrack manufactured in the 1942 season was 2350.8 proof gallons. Out of the quantity set apart for issue to shops and depots in South Kanara District, there was a balance of only 104

gallons left in the Mangalore Warehouse on 1-8-42. This stock is insufficient to meet the requirements of the shops and depots for the remaining part of the year 1942-43.

2. As regards the quantity of 375 gallons of 35° U.P. allotted for supply to Hospitals, a quantity of 24.0 gallons of that strength only has been issued to Hospitals by the middle of August '42. The Surgeon General with the Government of Madras reports that about 100 gallons of 35° U.P. cashew arrack only will be required by the Hospitals for the remaining part of the current year 1942-43. On the basis of last year's consumption by the hospitals viz. 121 gallons of 35° U.P., the Board considers that 100 gallons of 35° U.P. would be quite sufficient for the hospitals during the remaining part of current year. The Board therefor requests that the Government may be pleased to direct that a quantity of 100 gallons of 35° U.P. cashew arrack may be reserved for issue to Hospita for the remaining part of the current year and the balance be diverted for supply to depots and shops in South Kanara District during the current year.
